FOR IMMEDIATE RELEASE

Rio Grande City Main Street kicks off Beautification Project

Rio Grande City, Texas (January 12, 2017) — Rio Grande City Main Street is excited to announce the Main Street Beautification Project with the installation of benches and trashcans in the downtown area. The first phase of the project will place six of each along Main Street with plans to extend the project to include 2nd Street.

“With the support of our community, RGC Commissioners, the Rio Grande City EDC Board and our Main Street Coordinator, our goal is to work for our community and beautify the downtown area. Our Main Street encompasses 2nd Street as well and is a work in progress,” said Rosa Gonzalez, Main Street Advisory Board Chair.

The addition of these new features is to make Rio Grande City Historic Downtown more attractive for new business development and for residents and tourists alike to enjoy downtown. The sidewalk trashcans are a welcome sight to the downtown area and are essential to discourage littering. This is only one of many strategies the Rio Grande City Main Street Advisory Board will work towards for the beautification of the historic downtown area.

If you are interested in volunteering and aiding in Rio Grande City Main Streets current beautification project, please contact Belinda Trevino at 956-488-0047.
